MEMORANDUM FOR: 

STAT

SUBJECT : Commendation--Cornerstone Ceremony

I want to commend you for the fine job which you did in preparing the program for our Cornerstone Ceremony on 3 November. The descriptions of the building and the cornerstone box were interesting and informative and the format of the program was, I thought, very tastefully set up.

The program will constitute for our employees and for the many friends of the Agency who received it a lasting souvenir of the Cornerstone Ceremony and their association with it. It was an excellent piece of work which contributed substantially to the success of the occasion, and I am most appreciative.
